Kevin,

I received this email this morning. As a matter of practice, we do not take calls from reporters regarding clients or client work. Even if that were not the case, I'm in mediation all day today and cannot talk to him.

Would you like me to inform him of this?

Also, I've been rolling around in my head how we break free of this tiresome, distracting and unproductive loop. I'd like to see the district send the message that we are moving forward. We are focused on the important work of developing policies, conducting training and providing necessary education. We are not rehashing this any more; we won't let it distract us from this important work.

I'm free any time after 10 on Friday.

Laurie

Hi Laurie,

I left you a vm, but wanted to follow-up with an email.

I have a few clarifying questions about your presentation last night that I'd like to speak with you about prior to our editorializing on the OCR report.

At your convenience, could you please call me? My direct line is [650-223-6505](tel:650-223-6505).

Thanks,

Bill Johnson
