Dr. Don Austin, Superintendent
Palo Alto Unified School District
25 Churchill Avenue
Palo Alto, CA 94306

Dear Don:

Stanford values its relationship with the Palo Alto Unified School District and we are appreciative of the recent interest-based discussions we have had on community benefits for our 2018 General Use Permit application. At yesterday's Planning Commission hearing, however, Stanford asked the County to delay its hearings on its General Use Permit and associated documents. To be consistent with this request of the County, we also seek the same suspension of actions on our agreement with PAUSD.

Sincerely,
